SIDNEY A. DIAMOND,
Jan. 13, 1981. *Commissioner of Patents and Trademarks.*

Late-Filed Renewal Fees

Sections 9 and 31 of the Lanham Act (15 U.S.C. §§ 1095 and 1113) require that an additional five dollar ($5.00) fee be submitted by a registrant who files a renewal application during the three-month period following expiration of its registration. The language of the statute requires that this additional fee be submitted within the three-month grace period. A number of registrants who have failed to submit the additional fee within the prescribed period have petitioned the Commissioner to allow their renewal applications. The Commissioner has granted petitions of this kind where the registrant or its attorney maintained a Patent and Trademark Office deposit account which contained, on the date the renewal application was filed, sufficient funds to cover the additional fee. Specifically, the Commissioner has exercised discretion under Trademark Rules 2.146(a)(3) and 2.147 to deem the authorizations to charge the deposit accounts to have taken place at the time the registrants filed their renewal applications, even though the authorizations were not confirmed until a later date. This Office policy was established by the Commissioner's decision in *In re Ralston Purina Co.*, 191 USPQ 154 (Comr. Pats. 1976).

The policy established by the *Ralston Purina* decision is being changed. Henceforth, the Commissioner will no longer exercise discretion to charge deposit accounts *nunc pro tunc* for trademark renewal application fees. To allow an authorization to charge a deposit account to relate back to a date on which no actual authorization existed is, in effect, to allow late payments. It is inequitable to permit those registrants who have deposit accounts (or those whose attorneys have such accounts) to make late payment of renewal fees, while those without deposit accounts may not.

Petitions relying on *Ralston Purina* will, after the date of this notice, be denied, unless the events that gave rise to those petitions occurred before publication of this notice.

MARGARET M. LAURENCE,
Feb. 20, 1981. *Assistant Commissioner for Trademarks.*

OFFICIAL GAZETTE NOTICE

Extension of Time for Filing Notices of Opposition

By means of an Official Gazette Notice dated January 22, 1981, the Patent and Trademark Office announced that (1) the automatic 14-day extension of filing Notices of Opposition to registration of marks published in the Official Gazettes dated May 20, 1980 thru December 30, 1980 would not be continued into calendar year 1981 and (2) extensions would be granted, as necessary, only on an issue-by-issue basis.

Continued difficulties with printing and mailing of the Official Gazette have made advisable a modification of the policy announced in the Notice dated January 22, 1981 and the reinstatement of the automatic 14-day extension. Therefore, beginning with the Official Gazette issue dated January 13, 1981, a Notice of Opposition to registration of any mark appearing in the Official Gazette will be considered timely if filed within 44 days after the date on the cover of the Official Gazette in which the mark appears.

This Notice will be printed in each succeeding issue of the Official Gazette, and the announced 14-day extension will continue to apply unless specifically terminated or modified by subsequent Notice.
